# **PREFACE**

Statistical and Research Cell in Planning and development is provincial statistical entity for the collection, analysis and reporting of statistical data. The “Gilgit Blatistan at a Glance” is regularly updated and is released since 2013, and this edition marks the 6th in the series for the year 2023. This booklet presents the latest secondary data on various socio-economic sectors collected from different departments. The data is presented at provincial level and is handy to get insight of the latest key provincial statistics.

We hope that such regular data dissemination efforts will serve as a valuable reference and information source for policy makers, planners, administrators, development partners, academia, researchers and other data users.

I sincerely appreciate the dedicated efforts of the Statistical & Research Cell P&DD team in compiling this brochure and extend my gratitude to the line departments for their cooperation in providing the necessary data.

Suggestions for improvement in the scope, format and presentation of this brochure will be warmly welcomed.

**Cap (R) Mushtaq Ahmad**  
Additional Chief Secretary (Dev.),  
Planning & Development Department,  
Gilgit Baltistan
